LESS FAVORABLE ASPECT OF MEXICAN AFFAIRS

Brief Postponement of Mediation Conference Magnified into "Hit-Back"

NEW YORK MARKET RULES HEAVY

Some Attention Paid to Bryan's Announcement That President Wilson is Prepared for Any Emergency.

(Special to The Times-Dispatch.)

New York, May 16.—In sympathy with a lower range of quoted values in London, where American issues fell from 14 to 15 last New York party, the local market ruled heavy today. The ostensible reason for reactionary tendencies both here and abroad was a somewhat less favorable aspect of Mexican affairs. The brief postponement of the mediation conference at Niagara Falls was magnified into a reported "hit-back" in negotiations, with no foundation in fact. Some attention was paid, however, to Secretary Bryan's announcement that President Wilson was prepared for any emergency in the event of a failure of a peaceful solution.

Reactionary tendencies from a small fraction to 15 or 20, reflected in initial transactions here in stocks like Amalgamated Copper, Reading and United Fruit. The early movement was marked by much irregularity. Dealers were professional and selected little more than an evening up of traders' accounts over the Sunday holidays.

Speculative impulse was lacking and dullness was intensified in the latter half of the session. Prices fluctuated approximately within 1/8 to 1/2. Long intervals of quietness were interspersed with much irregularity. Dealers' accounts were professional and selected little more than an evening up of traders' accounts over the Sunday holidays.

Hopeful anticipations of a satisfactory adjustment of Missouri Pacific affairs reflected in the strength of the market. Commercial agencies in their weekly reports of general business noted a prevalence of unsatisfactory conditions and slow recuperation, but a distinct improvement was reported in sentiment based principally on brilliant harvest prospects.

ARMY OF UNEMPLOYED. New York, May 16.—An innovation in the treatment of unemployment, namely, a discussion of the subject by leaders of industry representing establishments furnishing occupation for forces of workmen numbered by thousands, by hundreds and also in smaller groups, is proposed as one of the special features of the nineteenth annual convention of the National Association of Manufacturers, to be held at Waldorf-Astoria, in this city, May 19 and 20 (Tuesday and Wednesday).
